

Important Information

Travel information

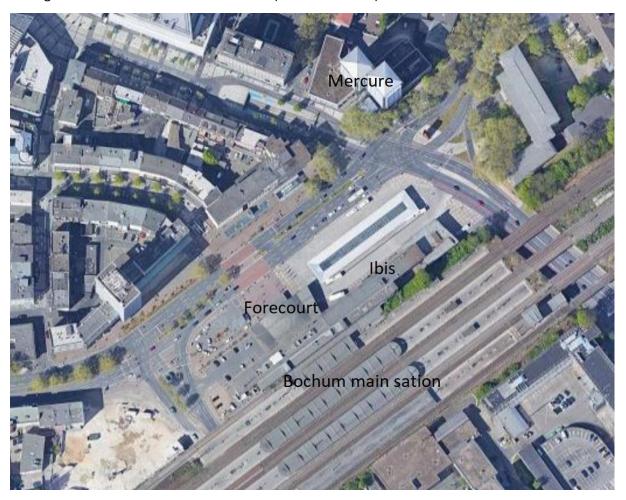

Arrival at Bochum main station and hotels:

Address of hotels:

Mercure Hotel Bochum City Massenbergstraße 19-21 44787 Bochum

<u>Ibis Styles Bochum Hauptbahnhof</u> Kurt-Schumacher-Platz 13-15 44787 Bochum

Hotels are located within walking distance of the Bochum main station. Leave the train station through the main entrance to the forecourt (direction track 1).

The workshop days:

From the hotels to the Ruhr-Universität Bochum (RUB)

Plan at least 30 minutes for the journey from the hotel to the Veranstaltungszentrum (VZ) of the Ruhr-Universität Bochum.

1st International Workshop on Reacting Particle-Gas Systems Bochum, Germany, June 7th to 9th, 2022

From the forecourt, staircases (and elevators) lead to the levels of the subways. Look for the blue signs with the white U:

Take the subway <u>line U35</u> direction <u>Hustadt (TQ)/Ruhr-Universität</u> (departs every 3-5 min). Get off at the Ruhr-Universität Bochum stop (10 min from Bochum main train station).

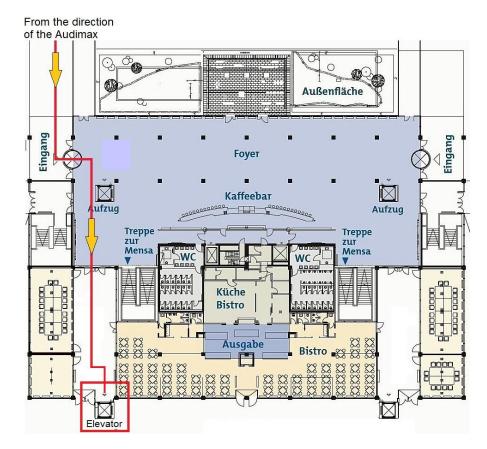

Three <u>tickets</u> for the subway will be given to you upon your request at the registration during the *Welcome Reception* and/or at the *VZ*. <u>You must stamp the ticket in the train.</u> If you need to buy a ticket, buy a "Einzel-Ticket Erwachsener, Preisstufe A3" (Single ticket adult, Price level A3).

From the U35 to the VZ (see map):

After having left the subway, take the stairs (or the elevator) up to the bridge and turn right towards the university. Please pass the UB (University Library) and the Audimax on the right side (see red pathway on the map below).

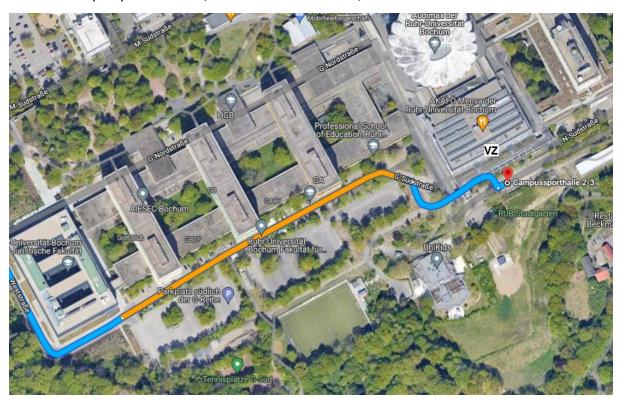

You will now come to the Mensa. Enter the Mensa on your left, turn immediately right, pass the first elevator and go 20 m straight ahead. You will find the elevator to the VZ (see red pathway on the map below).

By car to the Ruhr-University and the VZ:

Adress: Campussporthalle 2-3, Universitätsstraße 150, 44801 Bochum

The adress leads you to a small parking space directly below the VZ. Go up one floor and you are at the entrance to the VZ. But parking spaces at the Ruhr-Universität Bochum are scarce

1st International Workshop on Reacting Particle-Gas Systems Bochum, Germany, June 7th to 9th, 2022

and there are some construction sites, which is why the passage through the underground car park is currently not possible. In case there are no spaces left, try the parking spaces at G-Südstraße that you drove past just before (see also on the map).

Planning of the workshop days:

The evening event on the June 8th

Note that we will travel by bus <u>directly from the RUB-VZ to the evening location</u>. Take all your personal belongings with you to the evening event. <u>We will not stop by at the hotels on our way to the evening location</u>. There are safe storage facilities at the evening location for your personal belongings. The evening event will take place at BARISTOTELES, Schlosstrasse 1A, 44789 Bochum, +49-234/ 51697341. There we will also find the *Museum Unter Tage*, which belongs to the RUB and which we will visit before dinner.

The buses will travel back to the Hotels around 11 pm and if needed to the VZ (for those who have left their car there). If you would like to leave earlier, please call a taxi (+49-234 – 333 00 30; taxi fares will have to be paid by yourself and cannot be refunded).

Last conference day June 9th

You can either leave your luggage at the hotel and pick it up after the Workshop or take it with you to the VZ.

Oral presentations and Poster session

Oral presentations:

The duration of the oral presentation is 15 min plus 5 min discussion. Please be in the conference room 10 minutes prior to your talk to get familiar with the technical equipment. Introduce yourself to your chairperson and hand over a short CV.

<u>Please upload your presentation before your session starts.</u> Technical support will be available in the conference rooms. Ideally, you upload your presentation in the morning before the workshop starts, during coffee or lunch breaks.

Poster session:

Poster stands will be available after the lunch break on the 8th. Please use the end of the lunch break or the following coffee break to hang your poster. Each poster stand has a number which corresponds to your poster number listed in the workshop program. Please use the poster stand assigned to you.

COVID rules

Vaccination status will not be controlled.

1st International Workshop on Reacting Particle-Gas Systems Bochum, Germany, June 7th to 9th, 2022

For your own safety and the safety of all participants we recommend to carry out a COVID self-test before you join the workshop (and repeat it during the workshop). Testing kits will be provided at the registration.

Note that according to the current regulation (as on May, 18th) face masks must be worn on public transportation as well as in the RUB buildings (VZ, Museum unter Tage) and during the bus transfer to and from the evening event on the 8th. During the workshop only speakers can remove their masks during their talks.

Face masks can be removed during lunch, dinner and coffee breaks. Please also note the COVID-rules applying in your hotel (currently, as on May, 18th, masks are not mandatory in the hotels).

Please respect the sensibility of other people.

If you need further help, please call us or contact us by mail before the workshop:
